Examination Results 2017

All Pupil Premium Pupils gained 5 or more GCSEs at Grade A*-C (or equivalent).

Pupil Premium pupils in Year 11 have made good progress. Those carrying a pupil premium sat an average of 10.4 GCSEs. (The school average number of GCSEs sat was 10.98) The average points score for these pupils was 48.68 (whole school 51). The pupil premium progress 8 score is 0.33 (whole school 0.57)

The school's support for disadvantaged pupils has been marked by a letter of congratulations from the Minister of State for Education stating that we were amongst the top secondary schools nationally in terms of the progress made by our Pupil Premium pupils.

Identified Needs of Pupil Premium Pupils

The needs of pupil premium students have been identified based on our knowledge of our pupils as part of our school community.

All teachers are aware of pupils who are in receipt of pupil premium and progress of pupil premium pupils is monitored in school at regular intervals. Additional interventions are planned as appropriate, such as additional mentoring or tuition, reduced timetables and personalised learning support or additional pastoral support. There is an annual report to governors on the progress and provision for pupil premium pupils alongside other vulnerable groups.

Heads of House and Heads of Department are also responsible for monitoring the achievement of pupil premium pupils and a robust annual review process ensures that provision and attainment for these pupils remains a significant part of the monitoring process.

There are relatively small numbers of pupil premium pupils and our analysis has shown that pupil premium pupils make very good progress at BSG. However, we have identified the following areas as ways to improve progress for all pupils and in particular pupil premium pupils.

| Identified Concern | | Planned strategy | Nominal Allocation |
|-----------------------|--|---|--------------------|
| Mental Health | Pupils with increased anxiety and or depression are less able to achieve academic potential | Increased allocation of school nursing hours to provide an additional level of pastoral support and a sign post to additional services Mental Health First Aid training for pastoral staff | £750 |
| Resilience | Pupils need to feel able to learn coping skills and find solutions to problems. Students need to develop resilience so that they are more open to learning and they respond well to constructive criticism. They will know how to get help when they need it but work to find solutions first. | Development of PSHE scheme of work by Heads of House to encourage resilience. Yoga introduced for Year 9 Additional teaching/ mindfulness resources produced | £1000 |
| Growth Mindset | To encourage pupils to develop a growth Mindset to be better able to face challenges and to be resilient. | Whole school training for teaching and support staff throughout the year- external CPD course bought from The Key | £1250 |
| Personalised Learning | Pupils are given an opportunity to reduce their timetable and attend the learning centre as a 4 th option. This allows them to develop a personalised learning agenda. | Additional teaching and support staff allocated to the learning centre to ensure that a comprehensive system of support is put in place. | £26000 |
| Teaching and Learning | Teaching staff have been involved in training within the Teaching and Learning Working Party to develop strategies to further enhance pupil learning | Teaching and Learning working party and its agenda becomes part of the school development plan and meets regularly. | £1000 |

| | | | |
|--------------------|--|---|--------|
| | | Additional resources prepared | |
| Attendance | To ensure that a very high level of attendance is achieved | Additional pastoral support worker give the task of monitoring attendance of particular groups in school. | £13000 |
| Financial Barriers | Pupil Premium pupils are given access to additional opportunities to enhance the curriculum. | Support for school uniform, equipment, music tuition, costs of in school educational visits that are part of the curriculum, costs associated with studying technology in school. | £1000 |
